You will find the most common profile tasks on the **Profile Options** page. You can also use the menus on the left to select a setting to update. The first time you update your Concur Profile, you must ensure the following required pieces of information are complete: Your **Name** (including Middle and Suffix), **Company Information**, **Home Address Contact Information**, **Emergency Contact** and **TSA Secure Flight**. You cannot click Save until all required fields are complete.

Click the **Personal Information** link from the left menu or the Profile Options. The Your Information page appears. You can scroll to sections for Company Information, Home Address, Email Address, Contact Information, Emergency Contact and TSA Secure Flight on this page. These are intermingled with Travel Preferences and other optional sections. After making updates, you can click **Save** anywhere on the page.

Confirming Your Name

The Request / Expense Information is pre-populated from PAC with your School, Division, Sub-Division and Admin Department. These values will default to new Requests / Report and have an impact on workflow routing. The Division will drive workflow routing to Senior Business Officers when applicable.

The Admin Department will drive workflow routing to the Initial Reviewer when applicable. It is possible that your Level 8 Admin Department may not be populated. Ask your School or Department Senior Business Officer for guidance on how to update PAC.

Enter the ChartFields. If you enter codes in the ChartFields rather than text, click the field dropdown and select Code.

These will also populate as the default in new Requests / Reports. The **Department (2)** ChartField (and Dollar amount) will drive workflow routing to a Financial Approver.

If you leave any ChartFields blank, you will need to complete those ChartFields on your Requests or Expense Reports.

Delegates

You can name colleagues to act on your behalf to prepare Requests, Expense Reports, or book Travel. **Delegates** can create the reports and notify you when complete but they cannot submit expense reports on your behalf. You will receive notifications when the report is ready to review and submit. If you are an Approver, you can name a colleague to approve Requests or Reports on your behalf. Your colleague must also be setup as an Approver in order for you to add them as an Approver Delegate. Please note that Delegates cannot use the Concur Mobile App when acting on your behalf and must use the Concur Desktop Application.

 - **Can Book Travel** The Delegate may reserve and book air/rail, hotels or rental cars on your behalf. If you select Can Book Travel, Can Prepare and Can View Receipts will be automatically selected. As a result, a Travel Delegate is also assigned as an Expense Preparer Delegate.
 - Can Submit Reports The Preparer Delegate is able to click Submit Report once they have finished preparing your Expense Report. However, a Preparer Delegate cannot submit the Expense Report into workflow for approval. Two things will happen: 1) your Delegate will see any audit alerts that may prompt them to check for accuracy and completeness; 2) you will receive an email notification that your Delegate has created an Expense Report which should be ready for review and submission. You will need to open the Report created on your behalf and click Submit Report to enter it into workflow for approval. If you do not authorize your Delegate to Submit Reports, they will not see the Submit Report button. Instead, the Delegate will see the Ready For Review button once they have finished preparing your Expense Report. When clicked, an email will be sent alerting you that your Expense Report is ready for review and the report status will change to Ready for Review. You must review the Report for accuracy and completeness prior to submitting it into workflow for approval.
 - **Can Submit Requests** The Preparer Delegate is able to click Submit Request once they have finished preparing your Request. This works the same as Can Submit Reports. See details above.
 - **Can View Receipts** Defaulted when selecting Can Prepare. This allows the Delegate to view your receipt store, receipts images, etc.
 - **Can Use Reporting** If you have any reporting rights (typically restricted) you may assign that reporting license to 2 individuals
 - Receives Emails The Delegate receives all the same Concur emails as you
 - **Can Approve** If you are an Approver, the Delegate may approve Reports and Requests on your behalf. The Delegate must also be setup in Concur as an Approver.
